

# Waiting to be tested for Coronavirus

Coronavirus is a new virus.  
Coronavirus is also called COVID-19.

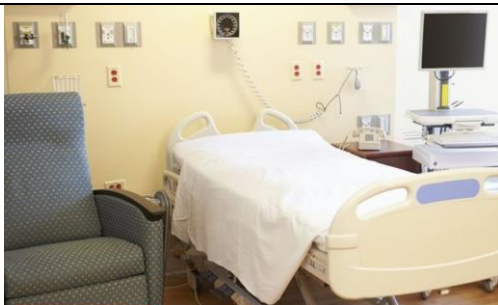

I am sick. I have a cough and a fever.  
It is hard for me to breathe.

I need to be tested for Coronavirus. I  
have to wait for the test.

I need to stay at home until I have the  
test and until I get the results back.

I might need to stay in a special room  
while I am waiting for the test.

I need to stay away from other people.

I will not be able to see my friends and family for a while.

I need to use my own bathroom that no one else uses.

I should clean my hands often.

I should wear a face mask when staff are in my room.

Staff will help me to get better.

Staff will have to wear funny clothes while I am sick, in case I have Coronavirus.

They will wear an apron or a special suit.

They will wear gloves.

They will wear a mask.

They will wear special glasses called goggles

Staff will look different when they are wearing these clothes. That is ok!

Staff will clean everywhere that gets touched (like door handles and counter tops).

I will have a test.

I will have to wait a few days for the test results.

I will get the results.  
The results will tell me if I have  
Coronavirus.
