*“A tool to guide Self Directed
Supports”*

Ed Byrne and Kevin Hoey

Sunbeam House Services

- ❖ SHS supports 350 people towards achieving a “good life”
- ❖ Commitment to quality, first in Ireland to be accredited by CQL
- ❖ Committed to moving towards “Self Directed Supports”
- ❖ This commitment is embedded in our strategic plan

Sunbeam House Services

- ❖ **Aware that this presents a challenge particularly in the transition from traditional supports**
- ❖ **Many systems and processes in group settings may not work in a SDS environment**
- ❖ **We are looking at assistive technology to help with the transition.**

Sunbeam House Services

- ❖ One technology we have piloted and tested is iplanit
- ❖ Iplanit is a tool, in a similar way that this power-point presentation is a tool
- ❖ However we have found that this type of technology has the potential to “involve” those who use our supports
