

MOVING OUT – TRAINING

Family member's perspective

LIFE CHANGED 28.5.1978

- the great adventure begins -

WE WERE LIKE ANY OTHER FAMILY

DECEMBER 1978

- Our child had a little cold
- Recommended treatment was breathing steam

NEW YEAR 1979 BEGAN

- Little stuffyness caused intensive care
- There were no problems with breathing – it can be secured
- **THEY SAID THAT OUR CHILD IS NOT HEALTHY. THERE WERE SYMPTOMS OF BRAIN INJURY.**

WHAT IS OUR FUTURE GOING TO BE LIKE?

- ◆ Big change to our life and plans
- ◆ Circle of friends changed almost completely
- ◆ Young family's wishes for the future were wrecked
- ◆ Supporting each other - towards an unknown future

PREPARING FOR THE FUTURE

- Special children's camps
- Short-term temporary care
- Adaption training courses

GETTING USED TO CHILDREN AND YOUNG PEOPLE WITH SPECIAL NEEDS

- Special Children's confirmation

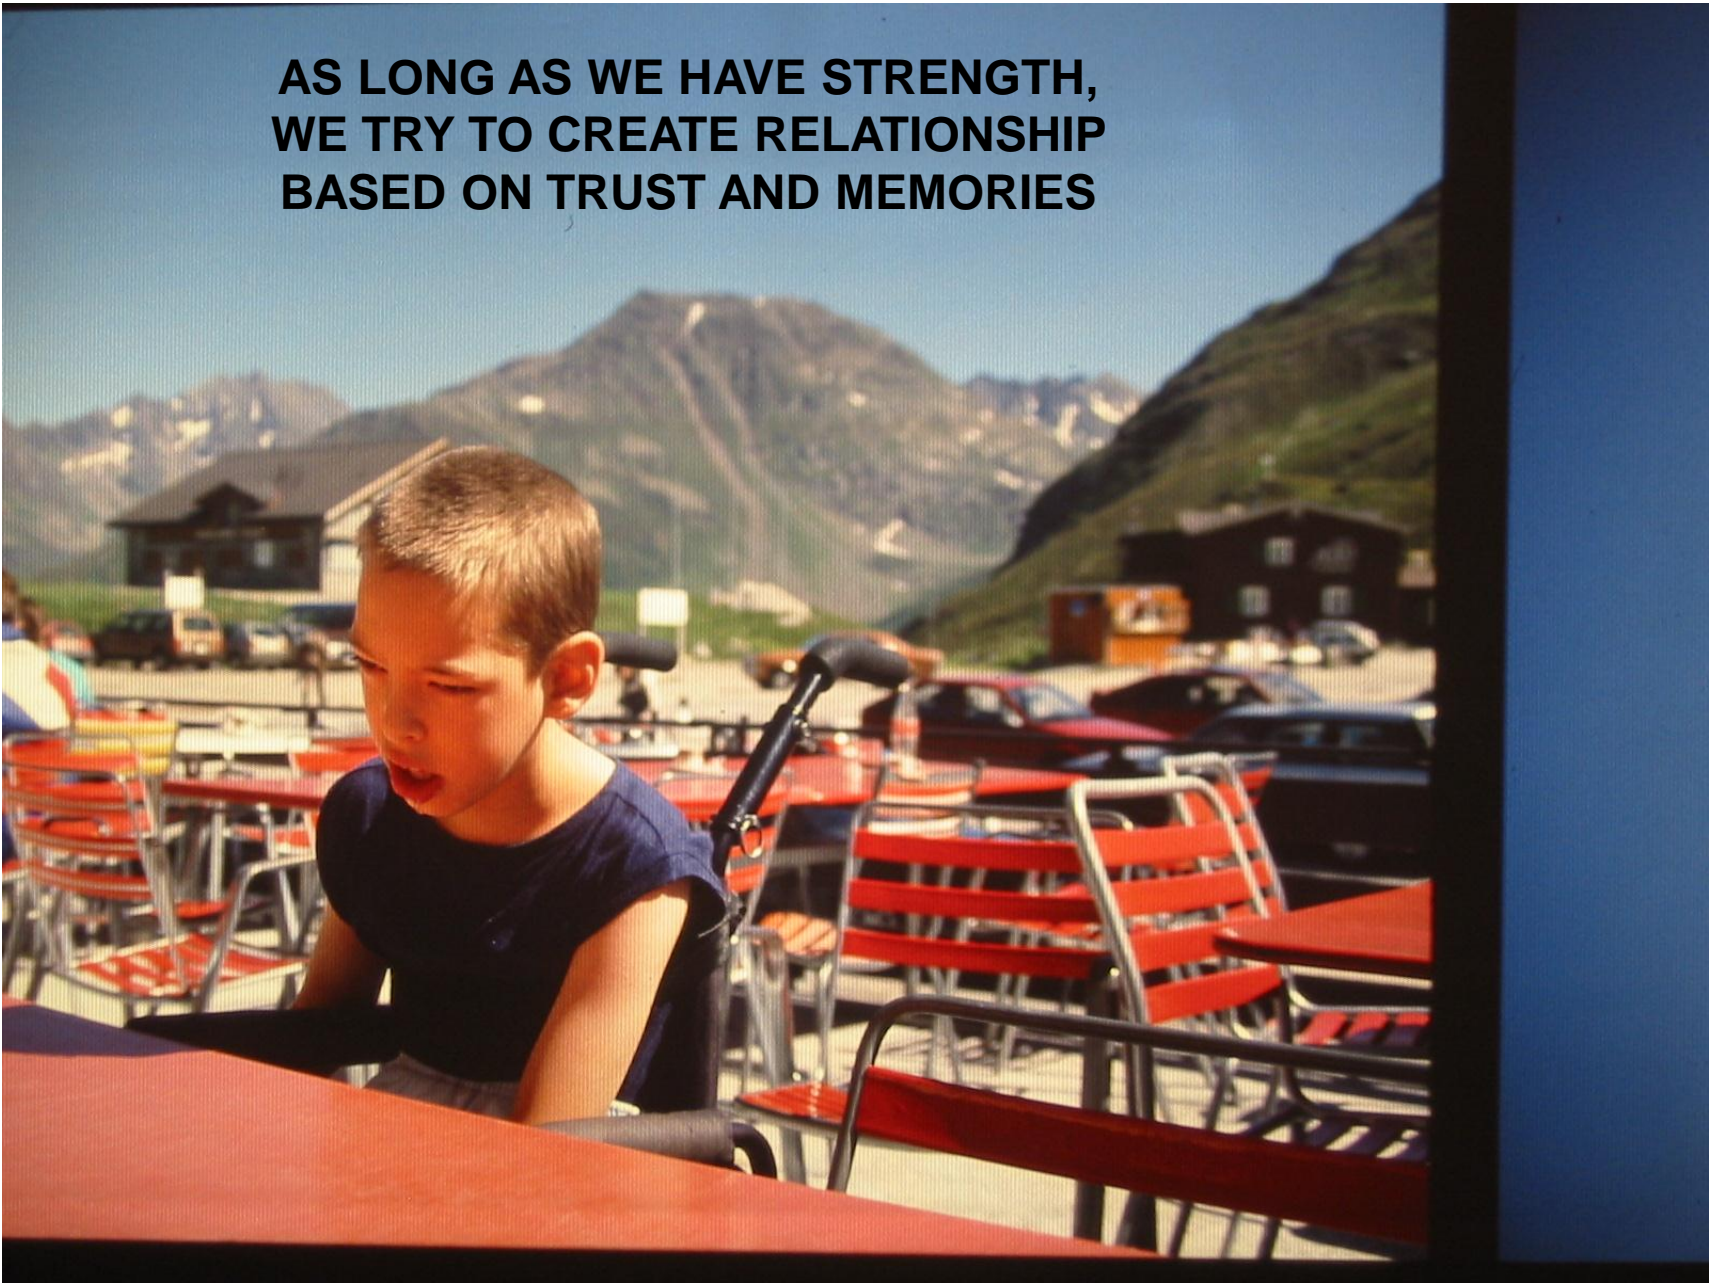

DIFFERENT EXPERIENCES AS MUCH AS POSSIBLE

LOT OF DIFFERENT SENSATIONS

**AS LONG AS WE HAVE STRENGTH,
WE TRY TO CREATE RELATIONSHIP
BASED ON TRUST AND MEMORIES**

ONE BIG STEP – 18- YEARS OLD - ADULTHOOD

LIFE IS FULL OF DIFFERENT DREAMS

- Someone dreams of sports car
- Someone dreams of being rich
- Someone dreams of own home
- Someone dreams of young people in own home
- Every dream takes us forward

ONE DREAM IS FULLFILLED - HOME IS FOUND -
