Grace

Sunday 15 May 2011

Everybody deserves the right to say what they want

My aim is for them to get it

Everybody Communicates

Can I have a drink?

What is an App?

- An App is a computer program encased in a removable folder that runs independently on a smart phone or tablet device
- Once purchased it can be customized to the user, duplicated to a number of devices and removed.
- It will also be updated as needed by the developer in response to feedback from users
